Application No.: 10/015,642 Group: 2173

Filed: 12/17/2001 Examiner: Michael Roswell

Confirmation No.: 8515

Title: METHODS OF USING MIXED RESOLUTION DISPLAYS

Mail Stop AF
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

PETITION FOR WITHDRAWAL OF ABANDONMENT FOR
FAILURE TO RECEIVE AN OFFICE ACTION

Petitioner hereby respectfully requests that the presumed holding of abandonment of the above-reference application be withdrawn. While petitioner has not received a formal Notice of Abandonment, petitioner was alerted to an un-received Office Action mailed on January 19, 2006 by a phone call received from the examiner on September 19, 2006. Petitioner has called the Examiner on several occasions to ascertain if a Notice of Abandonment has or will be sent but has received no response. A check of the Private Patent Application Information Retrieval (PAIR) website does not indicate a Notice of Abandonment has been sent. However, Petitioner believes the application has now gone abandoned due to the lack of a response to the un-received Office Action.

The Office Action mailed on January 19, 2006 was never received by the petitioner and a search of the file jacket and docket records indicated the Office Action was not received.

Application No. 10/015,642

Pursuant to the practice adopted in 1156 OG 53, dated November 16, 1993, and set forth in the MPEP at 711.03(c), enclosed herewith are copies of the cover of the docket file, as well as a summary from the Petitioner's automated docketing system, each indicating where the Official Action would have been entered had it been received. It is understood that no fee is required for the filing of the Petition.

Petitioner respectfully requests the granting of this petition and the re-mailing of the Office Action.

Respectfully submitted,

A handwritten signature in cursive script that reads "Nola Mae McBain". The signature is written in dark ink and is positioned above the printed name and contact information.

Nola Mae McBain
Attorney for Applicant(s)
